THE OFFICIAL NEWSLETTER OF THE UST ALUMNI ASSOCIATION, INC.

2020

The year that was. The year that almost never was. Starting with the eruption of Taal Volcano, continuing with the Corona Virus Disease 19 and ending with typhoons, and earthquakes in several parts of the country, indeed 2020 is one disaster-loaded year in our country's history. And with all the challenges the year brought to our lives, many people perhaps wish that it forever be erased in their life history as their world stopped: lost jobs, lost lives, lost property.

But the world did not stop for the Thomasian Alumni Community (TAC). It was the year that they went out of their comfort zones to help those in need. It was the year that they stretched themselves to reach out to others who needed help. It was the year that they gave more of their time, talent and treasure.

This newsletter puts together the photos taken during the different endeavors TAC engaged in. These are living proof that the Thomasian spirit lives on in the hearts of the alumni wherever they may be.

This newsletter is also the TAC Newsletter Editorial Board's way of expressing gratitude to all those who went out of their way during this time, exposing themselves to the threats of the environment to help our *kababayans*. Thank you. Maraming salamat. *Salamuch*.

We call on the community spirit and volunteerism of fellow Thomasians to help the front liners of the UST Hospital. Inspired by the early initiatives of many fine arts and design alumni of the University, the enthusiasm and eagerness to be of service to the community manifest the values of faith, hope, and charity in this time of the pandemic.

We appeal to fellow alumni to support this drive by donating time, PPE supplies and materials for the use of the front liners. Monetary donations are also encouraged to help us procure the PPE supplies that we need to turn over to the Purchasing Department of the University Hospital.

We thank the organizations that sent us photos of their activities. We especially extend our gratitude to AA, our artist, who continues to share his time and talent as his way of giving back to the Alma Mater.
